**RE: Special Investigative Audit**

Dear Council Members:

The Cache County Council (the “Council”) engaged Sage Forensic Accounting, Inc. (“Sage”) to perform a special audit to investigate certain concerns regarding financial dealings and internal control issues in the operations of the Cache County (the “County”). This report is intended solely for the information and use of the Council, its legal counsel, and others as the Council may deem appropriate. This report is not intended to be and should not be used by anyone other than these specified parties.

At the outset, we must reiterate that while forensic accounting procedures used in forensic audits are more in-depth and performed differently than attestation, financial statement, and tax preparation services, there is no guarantee that if errors, fraud, or other improprieties have occurred they will be discovered. Sage is not a law firm and its professionals are not lawyers, consequently, Sage’s analyses herein are from a forensic accounting perspective, not from a legal perspective.

---

## **I. Background**

The Cache County Council engaged Sage to investigate certain concerns regarding financial dealings and internal control issues in the operations of the County.

Sage attended an executive session meeting of the Council on July 26, 2022, during which the various concerns were explained to Sage and discussed amongst the Council. In consideration of the concerns expressed to the Council, Sage was engaged in October 2022 with a scope of work that relates to the following categories to be reviewed further:

- Adherence to Cache County code section 03.04.090(A),
- Adherence to Cache County code section 03.04.090(B),
- Resource Center conflict of interest allegations, and
- Improper and unsupported check issuance allegations.

Around the time of, and/or subsequent to, Sage being engaged, other investigations were commenced. Those investigations, without limitation, include:

- State of Utah, Office of the State Auditor,
- Cache County Sherriff's Office, and
- State of Utah, Utah Office for Victims of Crime.

As alluded to, there may be investigations by other agencies still pending, but reports have been issued with respect to the foregoing. To avoid any interference with those investigations, Sage's work was effectively placed on hold for many months. Notwithstanding, during that period of time, Sage continued to work toward obtaining relevant materials and analyzing data from the Caselle accounting system.

This report outlines the current results of our review and analysis of financial data for the categories above, and presents the opinions and conclusions reached therefrom. Pursuant to the scope of our assignment, Sage focuses its investigation primarily on the period extending from January 1, 2021, through July 31, 2022. During that period, turnover in certain positions occurred, the attached **Schedule 8** shows the personnel in certain positions at different periods of time. Our analyses and observations are based upon information provided to Sage as of the date of this report. If additional information becomes available that we deem relevant to the scope of this engagement, we reserve the right to modify this report and our findings accordingly.

**CONFIDENTIAL**

---

**II. Adherence to Cache County Code section 03.04.090(A)**

Cache County Code Section 03.04.090(A) currently states:

With the consent of the county council, the County Auditor may authorize and record an intradepartmental transfer over one thousand dollars (\$1,000.00) in any department, as to any unencumbered or unexpended appropriation balance or any part from one expenditure account to another within the department during the budget year, or may transfer an excess expenditure of one or more line items; provided, that the total of all excess expenditures or encumbrances does not exceed the total unused appropriation within the department at the close of the budget year. Transfers of one thousand dollars (\$1,000.00) or less may be authorized directly by the County Auditor.<sup>1</sup>

The forgoing section was amended pursuant to Ordinance 2022-34 passed September 27, 2022. Prior to the amendment, Cache County Code Section 03.04.090(A) stated:

With the consent of the county council and upon written notice to the county auditor, the county executive may authorize an intradepartmental transfer over one thousand dollars (\$1,000.00) in any department, as to any unencumbered or unexpended appropriation balance or any part from one expenditure account to another within the department during the budget year, or may transfer an excess expenditure of one or more line items; provided, that the total of all excess expenditures or encumbrances does not exceed the total unused appropriation within the department at the close of the budget year. Transfers of one thousand dollars (\$1,000.00) or less may be authorized directly by the county executive.<sup>2</sup>

A redline showing the changes is as follows:

With the consent of the county council, ~~and upon written notice to the~~ County Auditor, ~~the county executive~~ may authorize an intradepartmental transfer over one thousand dollars (\$1,000.00) in any department, as to any unencumbered or unexpended appropriation balance or any part from one expenditure account to another within the department during the budget year, or may transfer an excess expenditure of one or more line items; provided, that the total of all excess expenditures or encumbrances does not exceed the total unused appropriation within the department at the close of the budget year. Transfers of one thousand dollars (\$1,000.00) or less may be authorized directly by ~~the county executive~~ County Auditor.

Sage understands that the foregoing edits to Cache County Code Section 03.04.090(A) arise from Ordinance 2023-29, which was passed in August of 2023.

---

<sup>1</sup> [https://cachecounty.municipalcodeonline.com/book?type=ordinances#name=3.04.090:\\_TRANSFERS](https://cachecounty.municipalcodeonline.com/book?type=ordinances#name=3.04.090:_TRANSFERS)

<sup>2</sup> See attached **Exhibit 4**.

***CONFIDENTIAL***

---

Sage understands there was an allegation that Section 03.04.090(A) conflicts with Utah Code § 17-36-22, and that as a result of this conflict provisions of Section 03.04.090(A) were essentially unenforceable. To address this allegation, the Council engaged the services of the law firm Lee | Nielsen to offer the Council independent legal opinions on this specific issue. On August 17, 2022, Lee | Nielsen issued a letter to the Council explaining its findings, which Sage understand unequivocally stated that Section 03.04.090(A) is valid.

In light of the concerns noted, the subsequent legal opinion obtained, and our interviews, it is evident that relevant County personnel were operating under inaccurate direction with respect to the applicability of Cache County Code section 03.04.090(A) which imposes conditions on intradepartmental transfers over \$1,000. In that regard, for the period of time subject to our analysis, the prior version of the code was in effect. Pursuant to that version of the Code, intradepartmental transfers in excess of \$1,000 required consent of the Council and notice to the County Auditor. Transfers of \$1,000 and less could be authorized by the County Executive.

Sage understands that the inaccurate direction with respect to this issue was an allegation of a conflict between County code and State law such that the Council consent was allegedly not required. The legal opinion of Lee | Nielsen states this directive is inaccurate. Consequently, actions taken upon reliance on the inaccurate direction would have resulted in transactions occurring where Council consent was required but not obtained. To investigate this issue, Sage obtained the accounting data for the County by obtaining a copy of the entire database of data for the Caselle accounting system.

Before discussing individual transfers, it is important to understand how the budget is integrated within Caselle, how budgets can be adjusted in the system, and how funds can be moved between budgets in the system. External to the Caselle system, we found most adjustments to the budget are documented through a budget resolution wherein proposed adjustments to the budget are reviewed by the County Executive, department heads, the Council, and other interested parties as may be applicable. Following this review, the budget is adjusted and recorded in Caselle. Budget resolutions for the County from 2021 through 2022 are provided in **Exhibit 1**.

Departments can adjust the budget amounts assigned to various accounts within the department through the use of an intradepartment transfer form. The transfer is authorized by the head of the department and then approved. Prior to 2022, intradepartment budget transfers were approved by the County Executive. Beginning in 2022, intradepartment transfers are to be approved by the Council. All intradepartment budget transfer forms for the general fund for 2021 and 2022 are provided in **Exhibit 2**.

In Caselle, transactions setting and adjusting the budget are accounted for within its own database table. I compared the data within this database to documentation for all budget

**CONFIDENTIAL**

resolutions and intradepartment transfer forms. **Schedule 1** provides a summary of the County budget for the general fund from 2021 through 2022 generated from Caselle data.

During 2021, budget resolutions occurred in March, June, September, and November. Additionally, there were eighteen intradepartmental transfers that occurred during the year which appear on **Schedule 1** as a net zero transaction within a department and highlighted orange.

During 2022, budget resolutions occurred in April, May, July, and November. There were only two intradepartmental transfers during 2022. Details for all intradepartmental transfers are provided on **Schedule 3**. As shown therein, most Intradepartmental transfers were for \$1,000 or less. During August 2021, a transfer to the Full Time Employee account within the Ambulance department for \$10,000 was made by transferring \$1,000 from several other accounts of the department.

Arguably, in our view because this series of transfers collectively totals \$10,000, and therefore is over the \$1,000 limit, the transfer should have received approval from the Council. Based on our review, the transfer form does not provide an indication that the transaction was approved by the Council. In that regard, it is our opinion that performing a number of transactions all related to the same general purpose which each individually may not exceed \$1,000 but collectively do, should be subject to this Code section. In our opinion, absent additional evidence of approval, this series of transfer at a minimum is inconsistent with the spirit of the Code. Further, this use of a series of transactions as a means of potentially circumventing a policy is a red flag as to the control environment and employee respect for applicable Code.

Another discrepancy that was noted through our review of the budgets occurred in June 2021. The budget resolution for June 2021 reports a budget increase of \$1,791,000 from \$37,676,300 to \$39,467,300. However, in Caselle, the budget increased in June 2021 by \$2,146,600. **Schedule 2** provides a list of budget transfers that do not appear in the budget resolution for June 2021. At this time, it is unclear whether these budget transfers followed the appropriate County procedures. However, I note that the beginning budget amount for the budget resolution in September 2021 is \$39,825,900, which would appear to include all of the transactions shown on **Schedule 2**. In light of our scope and the eventual matching up of items we did not investigate this further; however, this does create some questions about reporting and comparability between reports or financial items presented to the Council and what would be evidenced in the system.

We identified two other transactions during 2021 and 2022 that do not appear on a budget resolution document or an intradepartmental transfer form. Details for these transfers are shown below:

GLAccount	Date	Description	Amount	CreatedBy	CreatedDate	Account
2903810100	09/07/21	Wrong Transfer account used, move to 290-38-10100	(27,900 00)		9/7/2021 13:06:18	TRANSFER IN - GENERAL FUND
2903871000	09/07/21	Wrong Transfer account used, move to 290-38-10100	27,900 00		9/7/2021 13:07:42	TRANSFER IN - GENERAL FUND
1004511730	05/20/22	PO 28847 for Pond Fill Project	107,700 00		5/20/2022 10:02:41	IMPROVEMENTS
1004511720	05/20/22	PO 28847 for Pond Fill Project	(107,700 00)		5/20/2022 10:03:22	BUILDINGS

***CONFIDENTIAL***

---

The transactions in the table above are above the \$1,000 limit for intradepartmental transfers and would need approval from the County Council. The description of the first transaction (first two lines) indicates it is an apparent correcting entry and appears to be recorded and corrected all on the same date. Thus, such a transaction perhaps should not be viewed through the transfer lens. The fact of this transaction is indicative that the system perhaps does not allow deletion of transactions, which is a positive attribute from an audit trail standpoint.

Through my review of the budget transactions, I did not observe any interdepartmental transfers that were not documented within a budget resolution. However, a transfer of \$1,000 from the election department to the auditor department was attempted through the use of an interdepartment transfer form, though the transaction was not approved or recorded. This form is attached as **Exhibit 3**. Although I only received documentation for one instance of an interdepartmental transfer that was not approved, I note that we received much of our information from Cameron Jensen, early on in our data gathering process. Subsequently, and fairly recently, certain actions of Mr. Jensen were found in other investigations to be inappropriate and ultimately resulted in his separation from the County. Considering the accounting-related implications that in our view are indicated by findings related to Mr. Jensen, as we understand them, raise questions to the completeness of information we received from him throughout our investigation. Regardless, we note that given we obtained and reviewed the complete Caselle database and have not identified any further transactions beyond those discussed above or identified in the schedules provides comfort that we have reviewed all the intradepartmental or interdepartmental transfer transactions that ended up recorded in the books.

In addition to adjusting the budgeted amount for accounts within each department, I observed instances where the budgeting process can be circumvented by reclassing or moving a transaction between departments and accounts. This is discussed further in the next section.

***CONFIDENTIAL***

---

**III. Adherence to Cache County Code section 03.04.090(B)**

Cache County Code Section 03.04.090(B) presently states:<sup>3</sup>

At the request of the County Executive, the County Auditor, or upon its own motion, the county council may, by resolution, (1) transfer any unencumbered or unexpended appropriation balance or part thereof from one department in a fund to another department in the same fund; or (2) Permit one department in a fund to pay for a line item on behalf of another department in the same fund. Notwithstanding (1) or (2) no appropriation for debt retirement and interest, reduction of deficit, or other appropriations required by law may be reduced below the required minimum.<sup>4</sup>

The forgoing section was amended pursuant to Ordinance 2022-34 passed September 27, 2022. Prior to the amendment, Cache County Code Section 03.04.090(B) stated:

At the request of the county executive or upon its own motion, the county council may, by resolution, transfer any unencumbered or unexpended appropriation balance or part thereof from one department in a fund to another department in the same fund; provided, that no appropriation for debt retirement and interest, reduction of deficit, or other appropriations required by law may be reduced below the required minimum.

A redline showing the changes is as follows:

At the request of the county executive or upon its own motion, the county council may, by resolution, (1) transfer any unencumbered or unexpended appropriation balance or part thereof from one department in a fund to another department in the same fund; or (2) permit one department in a fund to pay for a line item on behalf of another department in the same fund. Notwithstanding (1) or (2), ~~provided, that~~ no appropriation for debt retirement and interest, reduction of deficit, or other appropriations required by law may be reduced below the required minimum.

Sage understands that concerns about interpretation and enforcement of this provision arose when the County Executive signed a contract with a lobbying firm, ran out of money in the executive department budget, and in turn had the County Attorney pay the bill for a few months using money from the attorney department budget. In this regard, we are informed that the then County Attorney believed this did not qualify as a transfer because funds were not actually

---

<sup>3</sup> It is noted that there appears to be a typo in Ordinance No. 2022-34. The “(1)” in the redline text of the resolution was in the wrong position. The “(1)” should follow the word “resolution.” Sage provides such observation based upon the August 17, 2022, letter from Lee | Nielsen containing proposed language to add clarity to the provision that may have been informed the Council as it developed the amendment.

<sup>4</sup> <https://cachecounty.municipalcodeonline.com/book?type=ordinances#name=3.04.090>: TRANSFERS For readability, the presentation of this Code section has been edited for a typo, described further in the preceding footnote.

***CONFIDENTIAL***

---

moved from the attorney department's accounts to the executive department's accounts. In turn, this belief meant Council approval was allegedly not required.

To address the foregoing concerns and interpretational issues, the Council engaged the services of the law firm Lee | Nielsen to offer the Council independent legal opinions on this specific issue. On August 17, 2022, Lee | Nielsen issued a letter to the Council explaining its findings, which explained that the concept of "transfer" is broad enough to include formal and informal transfers. Further, pursuant to that letter, Sage understands the foregoing scenario, attorney department paying for executive department, would be characterized as a functional transfer, or informal transfer, and in turn should be subject to the provisions of Section 03.04.090(B).

In light of the concerns noted, the subsequent legal opinion obtained, and our interviews, it is evident that relevant County personnel were operating under inaccurate direction with respect to the applicability of Code section 03.04.090(B) requiring Council approval of interdepartmental transfers. In that regard, for the period of time subject to our analysis, the prior version of the code was in effect. Pursuant to that code, interdepartmental transfers required consent of the Council. As I understand it, the amended Code section added clarity to better address the functional transfer situation of a department paying for another department. Notwithstanding, in light of our understanding of the legal analysis of Lee | Nielsen, even prior to the additional clarity, it is our opinion that this type of transaction is best considered a functional transfer and thus was still subject to this Code section.

Considering the foregoing, it is evident that relevant County personnel were considering Code section 03.04.090(B) in a manner that allowed circumvention of the intentions of the Code. This is concerning from an accounting perspective. Perhaps more concerning is the fact that this involves the attorney department. To the extent there is no legitimate and specific county legal related purpose for an expenditure to be paid for by the attorney department, there would be no accounting basis for it to be absorbed into that department's budget. Doing such has the effect of creating a misleading financial picture as to the expenses required for the department. This in turn can have a compounding effect during the budgeting process of creating a picture of greater historical spending in the department than what actually related to the department.

Sage understands that Cache County Code requires interdepartmental transfers obtain the approval of the Council. Sage understands that with respect to this issue there is a situation where a functional transfer was decided by personnel as not qualifying as a transfer subject to Council approval because the funds were paid directly by one department for the sole benefit of another department as opposed to directly transferring the funds between departments. The legal opinion of Lee | Nielsen states the interpretation is disputable. Consequently, actions taken upon reliance on the current interpretation may have resulted in transactions occurring where a functional transfer occurred, but Council approval was not obtained. Lee | Nielsen has suggested amending the ordinance to address the issue. Yet, the historical occurrence of such transactions could indicate a material change in the actual departmental financial results.

***CONFIDENTIAL***

---

Based on our investigation of the data in Caselle, we found functional transfers between departments appear as a “reclass” transaction wherein the charge is moved from one department, or reporting period, to another. **Schedule 4** provides an analysis showing the total transactions from each department, reclassified transactions, and the percentage of total transactions reclassified. Some departments show significantly more reclassified transactions than others.

**Schedule 5** provides details for each reclassified transaction by department. We are not aware of any references within the Caselle database that would link the original transaction to the reclassified transactions. Therefore, a manual process is performed to identify which transaction a reclass relates to. Because of this, at this time, we have not traced through all reclassified transactions to identify the original charge and subsequent movements of the transactions between accounts. However, we traced various transactions for vendors and departments that the Council had questions about, which is shown on **Schedule 6**.

As shown on **Schedule 6**, reclassified transactions can be made to move charges between departments, accounts, and reporting periods. For example, the first transaction shown on **Schedule 6** relates to a \$5,000 payment to X Factor incurred on February 28, 2022. Originally, this charge was booked to the Miscellaneous Expense account within the Miscellaneous department (Acct. 100-4960-600) and booked to the reporting period for December 2021.

On May 2, 2022, this transaction was reclassified. The \$5,000 charge was removed from the Miscellaneous department and moved to the Auditor department. Also, the reporting period for this transaction was changed. \$135 remained allocated to the December 2021 period, and \$4,865 was allocated to the April 2022 period. At this time we have not seen any documentation that indicates approval was obtained from the Council for reclassified transactions.

--REMAINDER OF PAGE IS BLANK--

***CONFIDENTIAL***

---

**IV. Resource center conflict of interest allegations**

Sage understands that there are allegations that certain County personnel may have financial interests (direct or indirect) in the real property in which the Resource Center is housed. Relatedly, there is an allegation that County personnel may have engaged in misleading or similar behaviors related to attempts to obtain significant funds from the State for the Resource Center.

Sage's focus thus far has been on tracing and investigating items within the Caselle accounting system. We did not observe any items within that system related to this. However, a full investigation of this issue would warrant investigative efforts beyond that system. Absent a change in scope, given the passage of time, Sage would next work to gather records pertaining to the real property and funding requests to investigate this more fully.

--REMAINDER OF PAGE IS BLANK--

***CONFIDENTIAL***

---

**V. Improper and unsupported check issuance allegations**

Sage understands that the Council has received a variety of allegations that raise red flags that financial improprieties may be occurring with the County operations. Some of the allegations include:

- Personnel being asked to circumvent budget practices.
- Checks being issued without the requisite supporting documentation being submitted/provided.
- Travel reimbursements not being done in accordance with policies.
- Payment of expenses that were not properly authorized and inconsistent with County policy.

The prior sections have touched upon some aspects that in our view relate to personnel being asked to circumvent budget practices. Further, there was clearly inaccurate advice under which personnel were operating. In light of this, we limited the scope of this item to be more targeted to specific types of transactions.

To be clear, given the limited scope and in consideration of the potential overall costs at this time, Sage has not investigated all checks issued and supporting documentation for travel reimbursements or improperly authorized payments aspects. Based upon our understanding of the systems and records, such will require personnel spending time on site to review such materials. We can pursue that process if the Council deems such desirable in light of the potential costs. Notwithstanding, a few specific examples of transactions identified during our investigation that support the above referenced allegations, are described further below.

From July 28, 2021, to July 29, 2021, County Executive stayed at the Grand America Hotel in Salt Lake City, Utah, where he attended the ALEC / ACCE conference. The rate for this stay at the Grand America was \$263.00 per night, which includes a parking fee of \$24.00 per night. According to Cache County policies and procedures, U.S. General Services Administration (“GSA”) per diem rates serve as the basis by which Cache County will pay for expenses related to travel. The GSA reimbursement rate for lodging for Salt Lake City in 2021 was \$128 per night.

I note that Utah Administrative Code R25-7-8 allows for a traveler to stay at a conference hotel and be reimbursed the actual cost, plus tax and any mandatory fees charged by the hotel. Although stays at the conference hotel is not specifically noted within the Cache County policies and procedures, it recommends the use of government hotel rates wherever offered, and that if governmental or conference rates are not available, the employee may find comparable lodging and must obtain approval from the Department Head before booking the room(s).

**CONFIDENTIAL**

---

A problem here is that the County Executive is in a position to approve their own expenditures. In relation to the stay at the Grand America, there is no indication that alternative, more economical arrangements were sought out, such as staying across the street at the Little America Hotel. Further, we were unable to identify any materials that indicate the County purpose or benefit to the County for attendance to this conference.

We investigated another instance wherein policies and procedures were circumvented to issue a check for travel costs. As noted in the email excerpt below, a request was made to issue a \$500 check to an individual out of the Executive's budget.

Mon, Jan 24, 2022 at 2:47 PM

[REDACTED]

Hi [REDACTED]

I spoke to [REDACTED] about this, and he asked that I email you. I need a check for \$500 to cover travel expenses for an applicant flying in for an interview. Please take this out of the Executive's travel budget and make the check payable to [REDACTED]. I will need it by Tuesday (tomorrow) at noon.

Give me a call if you have any questions, and please only discuss this with [REDACTED] if you need guidance.

Thanks!

[REDACTED]  
Director of Human Resources  
[REDACTED]

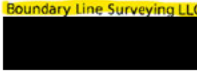

Finance Director's  
Signature

Pursuant to this request, a \$500 check was issued and accounted for within the Executive's budget. The payment of a round dollar amount without further documentation is troubling. From our research, the County does not have a history of paying travel expenses for applicants. Likewise, there is no indication of efforts taken to alleviate County costs such as a virtual interview. Likewise, there is a lack of supporting documentation from the applicant to demonstrate that costs were in fact incurred specifically to travel for the interview.

We investigated another instance related to charges incurred by the Former County Recorder who held the position until approximately August 5, 2023, when he resigned. The invoice excerpt below is from the Utah Council of Land Surveyors to an entity named Boundary Line

**CONFIDENTIAL**

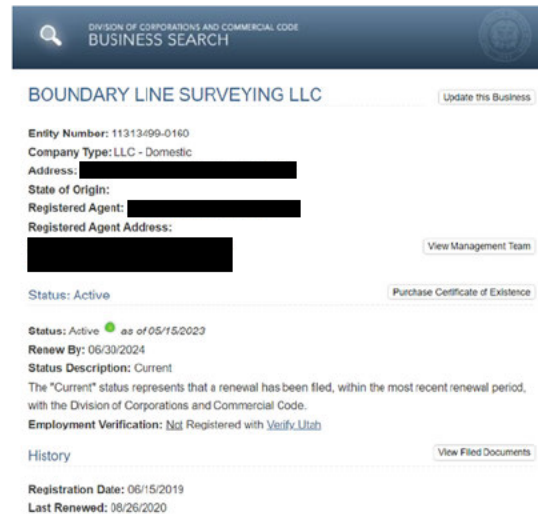

Surveying, LLC, with the Former Recorder as the contact for that company. The below invoice was paid using a County issued credit card.

<b>Boundary Line Surveying LLC</b>		<b>INVOICE 2914</b>	
			
		Invoice #	2914
		Invoice Date	01/30/2023
		Invoice Due	Due Upon Receipt
		<b>Amount Due</b>	<b>\$ 0.00</b>
<b>Transactions</b>			
<b>Description</b>		<b>Amount</b>	
Membership Renewal - Licensed (through Jan 29, 2024) - 1 period - \$175.00		\$ 175.00	
UCLS Conference Registration Fees - Thursday and Friday - \$440.00		\$ 440.00	
<b>Payments</b>			
<b>Description</b>		<b>Amount</b>	
Credit Card Payment -  on 01/30/2023		-\$ 615.00	
<b>Total Amount</b>		<b>\$ 615.00</b>	
<b>Amount Paid</b>		<b>-\$ 615.00</b>	
<b>Amount Due</b>		<b>\$ 0.00</b>	

The payment of this invoice with a County issued card is improper as we are not aware of any aspect of surveying that is a part of the County Recorder position. Consequently, there is no basis that we can discern for items relating to his surveyor license or conference attendance being paid for by the County.

This invoice is concerning as it specifically indicates it is issued to a separate entity and not to the County nor to the Former Recorder as an individual. Based on our research, the Former Recorder is the registered agent for this entity, which was established in June 2019. This information is easily accessible and publicly available from the State of Utah by doing a Business Search with the Division of Corporations and Commercial Code, see below:

**CONFIDENTIAL**

History [View Filed Documents](#)

Registration Date: 06/15/2019  
Last Renewed: 06/26/2020

A registered agent is not always an owner. However, for a nominal fee the Certificate of Organization can be obtained from that State website. We obtained that and the Certificate shows the Former Recorder is a Member of the LLC, and a member is an owner of an LLC.

The forgoing is a significant concern. It is our understanding that the Former Recorder's ownership of this company was not disclosed to the County. Our research indicates such is required under Utah Code 17-16a-6. Further, the Former Recorder completed a Cache County Disclosure Form dated January 3, 2021, wherein he affirmed that he was "not engaged in any personal or business activities that would be found in violation of the County Officers and Employees Disclosure Act." There were no subsequent Disclosure Forms completed by the Former Recorder.

Boundary Line Surveying provides private surveying work. Sage learned that the Former Recorder acted as a private surveyor for certain individuals that also had items requiring County approval from the Recorder. The Former Recorder's private work while the Recorder would subject him to the requirements of Utah Code 17-16a-5 which prohibits such officials from receiving compensation for assistance in transactions involving the county. Likewise, the Former Recorder approving as Recorder items he performed private surveyor work on would subject him to the requirements of Utah Code 17-16a-4, which prohibits use of office position to secure privileges for others.

Regarding the UCLS invoice above, I note that it was approved by the Chief Deputy Recorder. She reported directly to the Former Recorder, placing her in a position of having to approve her superior's requests for reimbursement.

It is noted that on other occasions, the Former Recorder would approve his own reimbursement requests. To us, this evidences the potential of efforts taken to create an appearance of

**CONFIDENTIAL**

independence. Examples of the Former Recorder approving his own request are noted on receipts from Staples, DOPL, and The Crepery, shown below:

RECORDER	
PO# _____	Date <u>2-27-23</u>
Expense Code 100-4144- <u>230</u>	
Chief Deputy Recorder's Signature	
Purpose _____	

There is nothing on this receipt to show that this expense is related to the County. The nightly accommodation rate for this trip was between \$127.40 and \$161.60 per night, which is greater than the applicable 2023 GSA reimbursement rate of \$98 per night. This transaction was again approved by the Chief Deputy Recorder who reported directly to the Former Recorder. Although not stated specifically on this document, our research indicates the dates coincide with the UCLS conference. We are aware of no County Recorder business this relates to and thus again find there no basis for this amount being charged to a County credit card.

In addition to the transactions discussed above, I reviewed various notes made within the accounting records for other transactions indicating potential issues related to missing receipts, see **Schedule 7**. The notes for these transactions demonstrate that policies requiring receipts for reimbursement of expenses are not being fully adhered to. I note that the transactions on **Schedule 7** were incurred on County issued credit cards. Because of this, the County is put in a position to where it is required to pay for each expense whether the charges were approved or

***CONFIDENTIAL***

---

not. If a charge is found to not be eligible for reimbursement, the County needs to receive repayment from the employee that incurred the charge.

Based on my analysis, there is significant evidence that controls are being circumvented or allow for individuals to approve their own transactions. The transactions above are merely examples of transactions that Sage became aware of through the course of its investigation. Based upon our understanding, additional analysis and investigation would be needed to determine the total amount of inappropriate spending. Such analysis will require personnel spending time on site to review receipts and reimbursement forms that are not included in the accounting data in Caselle. If requested by the Council, we can pursue that process if desired.

**VI. Concerns beyond the scope of Sage's assignment**

During Sage's investigation, Sage uncovered additional concerning allegations that raise red flags about increasing the potential for improprieties to occur within the financial records, but which are broader than that contemplated by the scope assigned to Sage. Given this is beyond the present scope, Sage provides the following summary of concerning items discovered that may warrant further action:

- A county employee indicated that in October 2022, they were prepared to inform the Council of their belief that another employee had not followed procurement laws. That employee was essentially told by the County Attorney at the time that they were not to tell anyone about their belief that this employee did not follow State law and the language was intentionally softened.
- A county employee indicated that they were not allowed by the County Attorney at the time to inform the Council of their belief that although the County Executive can enter into contracts, the Council should, at a minimum, be informed about those contracts, such that the Council should know who the contract is with, the cost, the duration of time, and the scope of work.
- A county employee indicated they had informed the County Attorney at the time of a belief that certain individuals were violating laws related to performance of contract work and use of County resources for such. Yet, without any observed investigation (in part because the response was immediate) the then County Attorney determined such actions were not in violation. This particular scenario has been addressed by State of Utah, Office of the State Auditor in its report and clearly found violations.
- A complaint was made about the costs incurred and certain processes with respect to the Children's Justice Center and missing items. A county employee in reviewing that complaint noted that: "whether intentionally or recklessly committed, billing the County for items that have not been delivered, or even ordered, with the pretense that the services have been completed is fraud. This issue is made worse, knowing that the County was receiving federal grants to pay for the goods and services. The fraud committed is at a federal level." That employee then indicated their belief that the best course of action would be to obtain the necessary equipment and installation as soon as possible. There is no indication of any investigation, reporting of potential fraud, or other corrective actions being taken.
- During the audit, Sage was informed that employees were being instructed by the County Executive and others in that office to report to the County Executive any interaction they have with anyone associated with the audit. Apparently, the employees were being instructed to provide details of all conversations, and also instructed to provide their

***CONFIDENTIAL***

---

emails. This behavior, in our opinion, represents inappropriate interference and worse creates a perception of a need to adhere to some sort of loyalty. It cannot be determined if this reporting directive had the effect of reducing the frankness and completeness of information conveyed.

- Sage observed an allegation that an audit report pertaining to the County was manipulated so that it misrepresented the severity of independent findings pertaining to certain grant mismanagement.
- Sage observed an allegation that certain staff (alleging inclusion of Executive and Finance office staff) would discuss and strategize on how to present items to the Council in a manner that would “soften the blow.” This sort of commentary raises red flags about potentially collusive activities taking place when a financial item that may be of concern to the Council must be addressed. The strategy allegedly included discussions of the timing of presentations around different points of meetings and/or based upon which members were or were not in attendance in such meetings.

Sage understands that some, and perhaps all, of the foregoing are items already known to the Council as a result of the other investigations that have occurred, may be ongoing, and as part of the Council’s own diligence on matters. In that regard, Sage would ask that the Council give due consideration to the accounting and financial aspects related to such.

For example, the indications of silencing employees that were identifying and expressing intentions to report activities believed to be improper, illegal, or otherwise indicates the need for additional reporting mechanisms that can circumvent normal chain of command structures. Given the allegations surrounding such, and considering that some of the other investigations by outside agencies arose from complaints submitted to them, an option that permits anonymous reporting directly to the Council would be advisable.

Sage was asked to share the names of the individuals reporting the foregoing. Sage declines to provide such given Sage conducted its interviews jointly with counsel hired by the Council and assured interviewees the interviews were being conducted confidentially. Sage further advises the Council that identification of such individuals is likely to have detrimental effects on any efforts to establish programs and protocols that would promote reporting of improper behavior.

**VII. Reservation of right to supplement, revise, update and/or amend report or opinions**

If additional information or opinions become available that I deem relevant to the scope of this engagement, I reserve the right to modify this report or my opinions accordingly. To the extent that discovery is ongoing in this matter, I will consider whether any additional information produced, including any information learned during trial, is relevant to and impacts my analyses. Further, as this case proceeds toward trial, the passage of time may require that my report or opinions be updated. As this matter proceeds toward trial, and during trial, I may prepare various exhibits that illustrate and provide examples of issues and concepts presented in and related to this report.

Respectfully submitted,  
Sage Forensic Accounting, Inc.

# Exhibit 1

**RESOLUTION NO. 2021 – 11**

**A RESOLUTION INCREASING THE BUDGET APPROPRIATIONS FOR CERTAIN COUNTY DEPARTMENTS.**

The Cache County Council, in a duly convened meeting, pursuant to Sections 17-36-12 through 17-36-26, Utah Code Annotated, 1953 as amended, finds that certain adjustments to the Cache County budget for 2021 are reasonable and necessary; that the said budget has been reviewed by the County Executive with all affected department heads; that a duly called hearing has been held and all interested parties have been given an opportunity to be heard; that the County Council has given due consideration to matters discussed at the public hearing and to any revised estimates of revenues; and that it is in the best interest of the County that these adjustments be made.

NOW THEREFORE, it is hereby resolved that:

Section 1.

The following adjustments are made to the 2021 budget for Cache County:

**See attached**

Section 2.

Other than as specifically set forth above, all other matters set forth in the 2021 budget shall remain in full force and effect.

Section 3.

This resolution shall take effect immediately upon adoption and the County Executive and other county officials are authorized and directed to act accordingly.

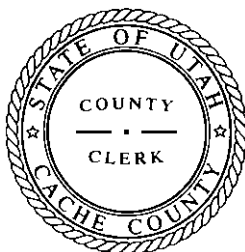

This resolution was duly adopted by the Cache County Council on the 22<sup>nd</sup> day of June, 2021.

ATTESTED TO:

CACHE COUNTY COUNCIL

  
\_\_\_\_\_  
Jess Bradfield, Cache County Clerk-Auditor

  
\_\_\_\_\_  
Gina Worthen, Council Chair

**RESOLUTION NO. 2021 – 04**

**A RESOLUTION INCREASING THE BUDGET APPROPRIATIONS FOR CERTAIN COUNTY DEPARTMENTS.**

The Cache County Council, in a duly convened meeting, pursuant to Sections 17-36-12 through 17-36-26, Utah Code Annotated, 1953 as amended, finds that certain adjustments to the Cache County budget for 2021 are reasonable and necessary; that the said budget has been reviewed by the County Executive with all affected department heads; that a duly called hearing has been held and all interested parties have been given an opportunity to be heard; that the County Council has given due consideration to matters discussed at the public hearing and to any revised estimates of revenues; and that it is in the best interest of the County that these adjustments be made.

NOW THEREFORE, it is hereby resolved that:

Section 1.

The following adjustments are made to the 2021 budget for Cache County:

**See attached**

Section 2.

Other than as specifically set forth above, all other matters set forth in the 2021 budget shall remain in full force and effect.

Section 3.

This resolution shall take effect immediately upon adoption and the County Executive and other county officials are authorized and directed to act accordingly.

This resolution was duly adopted by the Cache County Council on the 23<sup>rd</sup> day of March, 2021.

ATTESTED TO:

CACHE COUNTY COUNCIL

  
\_\_\_\_\_  
Jess Bradfield, Cache County Clerk-Auditor

  
\_\_\_\_\_  
Gina Worthen, Council Chair

**RESOLUTION NO. 2021-27**

**A RESOLUTION INCREASING THE BUDGET APPROPRIATIONS FOR CERTAIN COUNTY DEPARTMENTS.**

The Cache County Council, in a duly convened meeting, pursuant to Sections 17-36-12 through 17-36-26, Utah Code Annotated, 1953 as amended, finds that certain adjustments to the Cache County budget for 2021 are reasonable and necessary; that said budget has been reviewed by the County Executive with all affected department heads; that a duly called hearing has been held and all interested parties have been given an opportunity to be heard; that the County Council has given due consideration to matters discussed at the public hearing and to any revised estimates of revenues; and that it is in the best interest of the County that these adjustments be made.

NOW THEREFORE, it is hereby resolved that:

Section 1.

The following adjustments are made to the 2021 budget for Cache County:

**See attached**

Section 2.

Other than as specifically set forth above, all other matters set forth in the 2021 budget shall remain in full force and effect.

Section 3.

This resolution shall take effect immediately upon adoption and the County Executive and other county officials are authorized and directed to act accordingly.

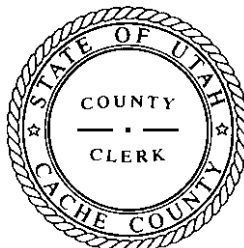

This resolution was duly adopted by the Cache County Council on November 23, 2021.

ATTESTED TO:

CACHE COUNTY COUNCIL

**RESOLUTION NO. 2021-18**

**A RESOLUTION INCREASING THE BUDGET APPROPRIATIONS FOR CERTAIN COUNTY DEPARTMENTS.**

The Cache County Council, in a duly convened meeting, pursuant to Sections 17-36-12 through 17-36-26, Utah Code Annotated, 1953 as amended, finds that certain adjustments to the Cache County budget for 2021 are reasonable and necessary; that said budget has been reviewed by the County Executive with all affected department heads; that a duly called hearing has been held and all interested parties have been given an opportunity to be heard; that the County Council has given due consideration to matters discussed at the public hearing and to any revised estimates of revenues; and that it is in the best interest of the County that these adjustments be made.

NOW THEREFORE, it is hereby resolved that:

Section 1.

The following adjustments are made to the 2021 budget for Cache County:

**See attached**

Section 2.

Other than as specifically set forth above, all other matters set forth in the 2021 budget shall remain in full force and effect.

Section 3.

This resolution shall take effect immediately upon adoption and the County Executive and other county officials are authorized and directed to act accordingly.

This resolution was duly adopted by the Cache County Council on September 28, 2021.

ATTESTED TO:

CACHE COUNTY COUNCIL

  
\_\_\_\_\_  
Jess Bradfield, Cache County Clerk-Auditor

  
\_\_\_\_\_  
Gina Worthen, Council Chair

Account	Title	Amount	Source or Department	Fund
<p><b>5.</b> Update to revenue for the Ambulance operations. At the beginning of the year a simplistic model was adopted into the budget, anticipating an update when a forecast could be made after several months of experience. The new forecast calls for an additional \$510,000 of billable charges, but also estimates that \$450,000 of that amount will be a forced write-off by insurance companies, with an additional \$25,000 written-off for bad debt. The forecast also calls for an estimated uncollectable amount of \$40,000, with \$5,000 of bad debt collection.</p>

RESOLUTION NO. 2022-06

A RESOLUTION INCREASING THE BUDGET APPROPRIATIONS FOR CERTAIN COUNTY DEPARTMENTS.

The Cache County Council, in a duly convened meeting, pursuant to Sections 17-36-12 through 17-36-26, Utah Code Annotated, 1953 as amended, finds that certain adjustments to the Cache County budget for 2022 are reasonable and necessary; that said budget has been reviewed by the County Executive with all affected department heads; that a duly called hearing has been held and all interested parties have been given an opportunity to be heard; that the County Council has given due consideration to matters discussed at the public hearing and to any revised estimates of revenues; and that it is in the best interest of the County that these adjustments be made.

NOW THEREFORE, it is hereby resolved that:

Section 1.

The following adjustments are made to the 2022 budget for Cache County:

See attached

Section 2.

Other than as specifically set forth above, all other matters set forth in the 2022 budget shall remain in full force and effect.

Section 3.

This resolution shall take effect immediately upon adoption and the County Executive and other county officials are authorized and directed to act accordingly.

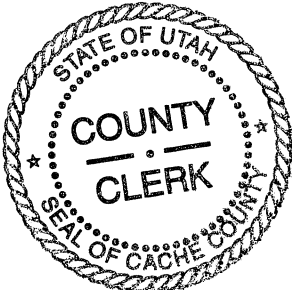

This resolution was duly adopted by the Cache County Council on April 12, 2022.

ATTESTED TO:

CACHE COUNTY COUNCIL

Jess W. Bradfield  
Jess Bradfield, Cache County Clerk-Auditor

Barbara Y. Tidwell  
Barbara Tidwell, Council Chair

**RESOLUTION NO. 2022-17**

**A RESOLUTION INCREASING THE BUDGET APPROPRIATIONS FOR CERTAIN COUNTY DEPARTMENTS.**

The Cache County Council, in a duly convened meeting, pursuant to Sections 17-36-12 through 17-36-26, Utah Code Annotated, 1953 as amended, finds that certain adjustments to the Cache County budget for 2022 are reasonable and necessary; that said budget has been reviewed by the County Executive with all affected department heads; that a duly called hearing has been held and all interested parties have been given an opportunity to be heard; that the County Council has given due consideration to matters discussed at the public hearing and to any revised estimates of revenues; and that it is in the best interest of the County that these adjustments be made.

NOW THEREFORE, it is hereby resolved that:

Section 1.

The following adjustments are made to the 2022 budget for Cache County:

**See attached**

Section 2.

Other than as specifically set forth above, all other matters set forth in the 2022 budget shall remain in full force and effect.

Section 3.

This resolution shall take effect immediately upon adoption and the County Executive and other county officials are authorized and directed to act accordingly.

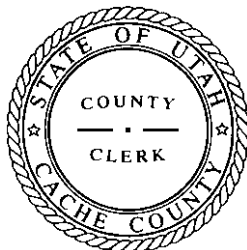

This resolution was duly adopted by the Cache County Council on July 26, 2022.

ATTESTED TO:

CACHE COUNTY COUNCIL

  
\_\_\_\_\_  
Jess Bradfield, Cache County Clerk-Auditor

  
\_\_\_\_\_  
Barbara Tidwell, Council Chair

# Budget Amendment Account Detail

Hearing Date: 06.28.2022; Vote Date: 07.26.2022

Account	Title	Amount	Source or Department	Fund
<p><b>15.</b> ARPA Eligible: Space Needs Analysis. Study existing facilities for renovations and upgrades that will utilize space better for physical distancing and provide proper ventilation to mitigate the current and future health emergencies.  <b>ACTION 07.12.2022: Voted to strike the entire amount of \$100,000 from the amendment.</b></p>				
100-4160-729	BUILDINGS - GRANTS	-	Buildings and Grounds	General
100-4800-990	CONTRIBUTION - FUND BALANCE	-	Addition to Fund Balance	General
<p><b>16.</b> ARPA Eligible: Voter Information Inserts and Education. The county will create voter instruction inserts to provide information to voters about vote-by-mail, how to submit their ballot, and the location of their nearest dropbox in order to mitigate contact between voters and poll workers.  <b>ACTION 7.26.2022: Voted to strike the entire amount of \$39,000 from the amendment.</b></p>				
100-4170-200	MATERIAL SUPPLIES & SERVICES	39,000	Elections	General
100-4800-990	CONTRIBUTION - FUND BALANCE	-39,000	Addition to Fund Balance	General
<p><b>17.</b> ARPA Eligible: Ballot Center. To assist with rent for a ballot center that ensures appropriate social distancing and safety for election workers.  <b>ACTION 7.26.2022: Voted to strike entire \$22,500 from the amendment.</b></p>				
100-4170-720	BUILDINGS	22,500	Elections	General
100-4800-990	CONTRIBUTION - FUND BALANCE	-22,500	Addition to Fund Balance	General
<p><b>18.</b> ARPA Eligible: Premium Pay for All County Employees. Local government workers are classified as "eligible workers" and as "performing essential work" because of their service to the public. The maximum payment any one person can receive from ARPA funds is \$25,000. This proposal is to provide \$2,500 to full time employees and \$1,000 to part time employees. Allocation adjustments to the budget would be required, if this item is approved.</p>				
100-4800-190	COMPENSATION RESERVE	900,000	Compensation Reserve	General
100-4800-990	CONTRIBUTION - FUND BALANCE	-900,000	Addition to Fund Balance	General
<p><b>19.</b> ARPA Eligible: County Site Networking. Implement a 10GB wireless mesh network, connecting all County facilities on a high speed backbone, while continuing to use existing wired/owned connections as redundant paths for backup and alternative communications in the future.</p>				
100-4136-749	CAPITALIZED EQUIPMENT - GRANTS	802,500	IT	General
100-4800-990	CONTRIBUTION - FUND BALANCE	-802,500	Addition to Fund Balance	General
<p><b>20.</b> ARPA Eligible: Refresh Archive and Disaster Recovery Disks. Refresh aging disks used in our archive disaster/recovery raid sets. Need 16 disks, or 4 sets. This would extend our retention beyond the current 30 days and allow for growth. As more and more data is produced, it reduces overall capacity, which in turn reduces length of data retention.  <b>ACTION 7.26.2022: Voted to strike the entire \$12,800 from the amendment.</b></p>				
100-4136-749	CAPITALIZED EQUIPMENT - GRANTS	12,800	IT	General

RESOLUTION NO. 2022-14

A RESOLUTION INCREASING THE BUDGET APPROPRIATIONS FOR CERTAIN COUNTY DEPARTMENTS.

The Cache County Council, in a duly convened meeting, pursuant to Sections 17-36-12 through 17-36-26, Utah Code Annotated, 1953 as amended, finds that certain adjustments to the Cache County budget for 2022 are reasonable and necessary; that said budget has been reviewed by the County Executive with all affected department heads; that a duly called hearing has been held and all interested parties have been given an opportunity to be heard; that the County Council has given due consideration to matters discussed at the public hearing and to any revised estimates of revenues; and that it is in the best interest of the County that these adjustments be made.

NOW THEREFORE, it is hereby resolved that:

Section 1.

The following adjustments are made to the 2022 budget for Cache County:

See attached

Section 2.

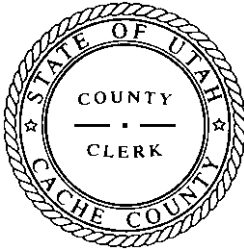

Other than as specifically set forth above, all other matters set forth in the 2022 budget shall remain in full force and effect.

Section 3.

This resolution shall take effect immediately upon adoption and the County Executive and other county officials are authorized and directed to act accordingly.

This resolution was duly adopted by the Cache County Council on May 10, 2022.

ATTESTED TO:

CACHE COUNTY COUNCIL

*Jess W. Bradfield*  
\_\_\_\_\_  
Jess Bradfield, Cache County Clerk-Auditor

*Barbara Tidwell*

**RESOLUTION NO. 2022-27**

**A RESOLUTION INCREASING THE BUDGET APPROPRIATIONS FOR CERTAIN COUNTY DEPARTMENTS.**

The Cache County Council, in a duly convened meeting, pursuant to Sections 17-36-12 through 17-36-26, Utah Code Annotated, 1953 as amended, finds that certain adjustments to the Cache County budget for 2022 are reasonable and necessary; that said budget has been reviewed by the County Executive with all affected department heads; that a duly called hearing has been held and all interested parties have been given an opportunity to be heard; that the County Council has given due consideration to matters discussed at the public hearing and to any revised estimates of revenues; and that it is in the best interest of the County that these adjustments be made.

NOW THEREFORE, it is hereby resolved that:

Section 1.

The following adjustments are made to the 2022 budget for Cache County:

**See attached**

Section 2.

Other than as specifically set forth above, all other matters set forth in the 2022 budget shall remain in full force and effect.

Section 3.

This resolution shall take effect immediately upon adoption and the County Executive and other county officials are authorized and directed to act accordingly.

This resolution was duly adopted by the Cache County Council on November 8, 2022.

ATTESTED TO:

CACHE COUNTY COUNCIL

---

Jess Bradfield, Cache County Clerk-Auditor

---

Barbara Tidwell, Council Chair

# Exhibit 4

**3.04.090: TRANSFERS:**

- A. With the consent of the county council and upon written notice to the county auditor, the county executive may authorize an intradepartmental transfer over one thousand dollars (\$1,000.00) in any department, as to any unencumbered or unexpended appropriation balance or any part from one expenditure account to another within the department during the budget year, or may transfer an excess expenditure of one or more line items; provided, that the total of all excess expenditures or encumbrances does not exceed the total unused appropriation within the department at the close of the budget year. Transfers of one thousand dollars (\$1,000.00) or less may be authorized directly by the county executive.
- B. At the request of the county executive or upon its own motion, the county council may, by resolution, transfer any unencumbered or unexpended appropriation balance or part thereof from one department in a fund to another department in the same fund; provided, that no appropriation for debt retirement and interest, reduction of deficit, or other appropriations required by law may be reduced below the required minimum. (Ord. 90-16; amd. Ord. 99-02)
